

SHORT-TERM DISABILITY

Accidents happen. We're here to help.

Unfortunately, accidents happen. If you find yourself in a situation where you are unable to work due to a non-work related injury, you may qualify for short-term disability.

What's offered?

Woodgrain provides short-term disability with no extra cost to you as a full-time employee.

If approved for short-term disability, you receive at least 65% of your normal pay directly from Woodgrain.

How does it work?

Short-term disability benefits begin on the sixth (6) work day after the date of disability and can continue up to 90 calendar days while you are unable to work.

A doctor's note or other medical proof is required to be considered for short-term disability.

What's not covered?

Elective surgeries as well as work-related incidents do not qualify for short-term disability. Work-related incidents fall under workers' compensation.

For additional details regarding short-term disability and how to apply, see Woodgrain's Short-Term Disability Policy (policy number 018).

What can I do while waiting for short-term disability to start?

Sick leave or vacation can be used before you begin using short-term disability. Short-term disability also runs concurrently with FMLA.

For your own safety, a doctor's note is also required when returning to work.
